

# Owners Manual: 11-3/4 in. 4-Shelf Metal Shelf Kit

## SKU# 211-8676

Thank you for your purchase of our product. The following contains assembly instructions as well as care and maintenance suggestions. Please take a moment to completely read and familiarize yourself with this information. If you have any questions regarding your purchase, please contact us at 1-800-495-9278.

1. KEEP AWAY FROM CHILDREN: Never allow children in a work area. Do not allow children to handle this product and any tools or equipment.
2. WEIGHT CAPACITY: 90 lbs weight capacity with minimum two (2) metal shelf frames on evenly distributed loads. Must be assembled using cross braces and included hardware.
3. IMPORTANT: Metal Shelf Kit must be secured to the wall using the included safety bracket and hardware.

3. USE OF PRODUCT: Never use inappropriate attachments or manipulate shelf beyond manufactured capabilities. Inappropriate use or manipulation can cause serious injury and will void any and all warranties.
4. MAINTAIN WITH CARE: Always keep shelf clean and properly assembled for safe and proper performance. Do not expose to corrosive materials.

### Step 1 Assembly

**A. Insert one (1) upper frame (A) into one (1) lower frame (B).**  
**B. Secure frames together using two (2) M6X12MM Allen Bolts (E).**  
**C. Tighten using the Allen Wrench (M).**  
**D. Repeat steps to create two (2) End Frames (A/B).**

**Important:**  
 Frames must be assembled as shown above

### Step 2 Assembly

**A. Connect the two End Frames (A/B) using two (2) Cross Braces (C), four (4) M6X25MM Allen Bolts (G) and four (4) M6 nuts (H). See Figure A.**  
**B. Connect the two Cross Braces (C) together using one (1) M6X20MM Allen Bolt (F) and one (1) M6 nuts (H). See Figure B.**  
**C. Frame should look like Figure C. Tighten all hardware.**

### Step 3 Assembly

Using sixteen (16) 4X25MM Shelf Screws (I) and 1/16" drill bit (not included) attach the shelves (not included) to the center of the Metal Shelf Frames. Take special care not to drill / screw through shelf top.

**Figure C:**

### Step 4 Assembly

**IMPORTANT:** Using the two (2) Safety Brackets (D) secure the Metal Shelf Frame to the wall.

**Drywall:**  
 Mount using two (2) 4X35MM Screws (J), two Wall Anchors (K) and 1/4" drill (not included).

**Wood:**  
 Mount using two (2) 4X35MM Screws (J) and 1/16" drill (not included).

**Concrete/Brick:**  
 Use concrete/block/brick anchors (not included).

**90 LBS**  
 MAXIMUM WEIGHT CAPACITY
